**YOUR FIRE DISTRICT
GROUND LADDER TEST REPORT
REPORT # XX-XX**

Your Fire District
5 Main Street
Anywhere, USA 12345

To the Fire District,

In accordance with the NFPA Code 1932, Testing Unlimited Corporation performed the annual inspections on 6 various ground ladders for Your Fire District. During the inspection several discrepancy items were found. These items are listed in table 2. There is a 1-page report for each ladder tested.

Thank you for choosing Testing Unlimited and we look forward to serving the Your Fire District in the future.

If you have any questions please about this inspection do not hesitate to call.

Testing Unlimited Corporation
Michael Dukich
President

Table 2 (Discrepancy Items)

These ratings are only a recommendation of Testing Unlimited. It is the responsibility of the fire district to **RATE, PRIORITIZE AND REPAIR**, the defects found during the inspection in order to return the equipment back to reliable service.

1. UNSAFE, Remove from Service Until Repaired or Replaced.
2. Repair Immediately.
3. Item Noted & Repaired on Date of Inspection.
4. Item Noted

Truck	Ladder	Discrepancy	Rating
1-2-3	10 ft folding	Replaced 4 expired heat labels and missing tip caps	3
1-2-3	14 ft roof	Replaced 4 expired heat labels	3
1-2-3	16 ft roof	Replaced halyard	3
